Renewal  
by Andersen®  
WINDOW REPLACEMENT an Andersen Company

Window & Door Replacement from a Company You Can Trust®

**For over 100 years,**  
the Andersen® name  
has been synonymous  
with quality products  
and happy customers.

Renewal by Andersen  
follows this proud  
tradition and brings  
these values into  
every home we serve.

For the home you *love*™

# A HISTORY OF EXPERIENCE

A respectful approach to customers sets us apart from our competitors.

That's the Renewal by Andersen Difference.

**Renewal**  
by Andersen®  
WINDOW REPLACEMENT

## We're here for you now and well into the future.

At Better Business Bureaus across the nation, home improvement and window replacement companies rank high in consumer complaints. Most of these companies go out of business within five years, leaving homeowners with no one to call when something goes wrong.

At Renewal by Andersen, you won't have to worry about that. It's safe to say, as part of the

family of companies that make up Andersen Corporation – a name synonymous with quality – we're not going anywhere. Backed by over a century of window and door expertise, we are committed to providing you with an exceptional replacement experience where we treat you, your family and your home with the utmost respect now and well into the future.

# OUR START-TO-FINISH PROCESS

## Getting Started Is Easy

1

### Get started

by giving us a call, visiting our website, or stopping by one of our showrooms.

2

### Set up a time to meet

in the comfort of your home, at your convenience, to discuss your project.

3

### Sit back, relax,

and enjoy the most professional and stress-free replacement experience on the market.

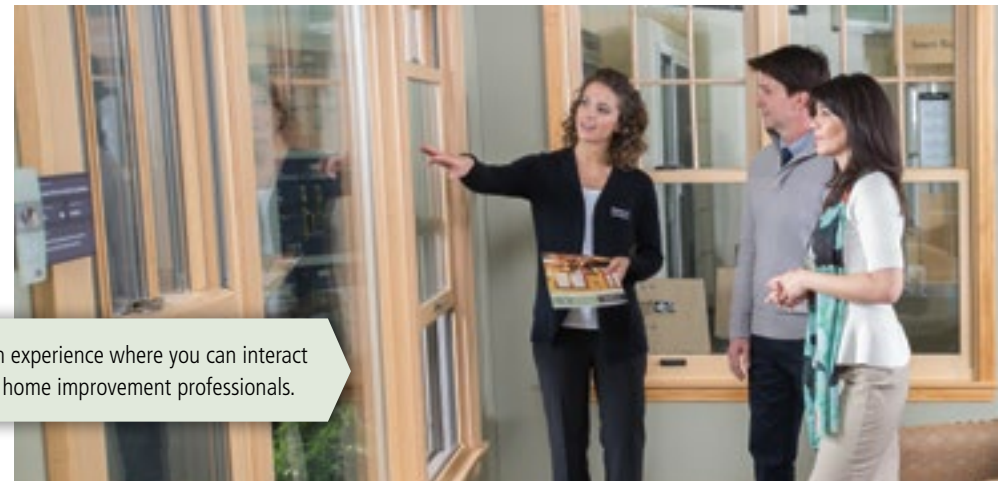

## Simple and Easy

If you're like most homeowners, window replacement isn't something you've done before. The thought of using multiple companies to complete your project can be confusing and even intimidating. At Renewal by Andersen, we make it easy. We're one company that takes care of it all, from start-to-finish, including manufacturing, sales, installation and

warranty. Your project will begin with an in-home consultation to explore your needs and end with beautiful new windows from a company you can trust.

**Visit your local showroom** for a hands-on experience where you can interact with our products and speak with knowledgeable home improvement professionals.

Interior Wood

## Endless Options

Every home is unique. That's why our consultants listen to your needs and recommend the best solution for your unique situation. With our selection of styles, colors, hardware, grilles, and insect screens, we offer thousands of possible combinations to create or replicate any architectural style. If you're ready to leave the look of your old windows behind

and want something more modern, our consultants will help you narrow the options until you've found the perfect look to complement your home.

Using our advanced window technology, we've designed every window with elegant, narrow frames, allowing more glass and more light into your home. And, our nearly invisible TruScene® insect screen

"Our windows gave our home a beautiful new look that is neater, brighter, warmer, and much more comfortable."  
– Margie and Cary S.

lets you see the outdoors beautifully. We do this because the beauty of your home means as much to us as it does to you.

# ENERGY EFFICIENCY

## Whole Window Performance

### Glass

All projects utilize Andersen's High-Performance Low-E4® Glass, reducing heat loss and blocking summer ultraviolet (UV) rays. Ask about our SmartSun™ glass options to further protect against solar heat gain.

### Frame

Andersen's Fibrex® material reduces maintenance costs and provides insulation equal to that of traditional wood frames.

### Installation

Since 1995, Renewal by Andersen has installed over two million windows and doors, and we've refined our methods and our process to maximize protection against the elements.

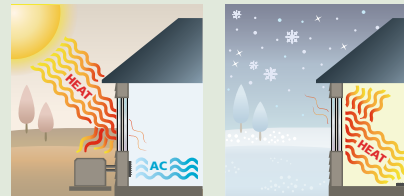

## Where Design, Engineering and Experience Come Together

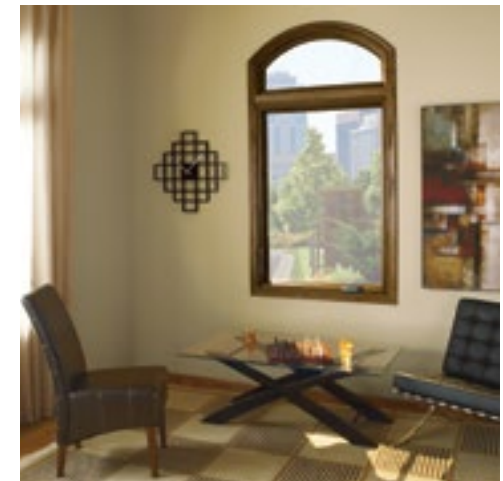

We know our customers are just as interested in energy-efficiency as they are the appearance of their windows. But when the jargon begins – U-factor values, UV ratings, thermal efficiency – it's easy to get lost in the numbers. What sets Renewal by Andersen apart is our focus

on the whole window performance for improved comfort of your home. Where competitors concentrate solely on glass, we understand that energy efficiency relies on the right combination of glass, frame, and installation.

**Help reduce your energy bill**  
with whole window performance  
in warm and cool weather.

# MATERIALS

## ENGINEERED WITH FIBREX®

Never worry about scraping or painting\*\* your windows again!

|                               | Fibrex® | Fiberglass | Vinyl | Wood   | Aluminum |
|-------------------------------|---------|------------|-------|--------|----------|
| Minimal Thermal Movement      | ✓       | ✓          |       | ✓      | ✓        |
| Maximum Glass Area            | ✓       | varies     |       | varies | ✓        |
| Insulating Properties         | ✓       | ✓          | ✓     | ✓      |          |
| Resistance to Decay/Corrosion | ✓       |            | ✓     |        |          |
| Dark Color Performance        | ✓       |            |       | ✓      | ✓        |
| Durable                       | ✓       | ✓          |       | ✓      | ✓        |
| Color/Finish Choices          | ✓       | ✓          |       | ✓      |          |

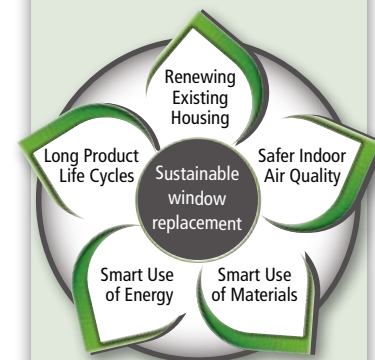

### The Exclusive Material Advantage

Our customers deserve beautiful homes with quality construction, right down to the smallest casement or awning window. With over a century of innovation, Andersen Corporation provides the materials and technology to put our customers at ease. Using Andersen's Fibrex® material, a composite combining the strength

and beauty of wood with the low-maintenance features of vinyl, Renewal by Andersen designs and builds windows you can enjoy for decades.\*\* Highly energy-efficient and made from sustainable and reclaimed materials, windows made from Fibrex® material benefit not only our customers but their neighbors as well.

### Approach to sustainable window replacement

We provide five answers to the energy and environmental challenges we face today.

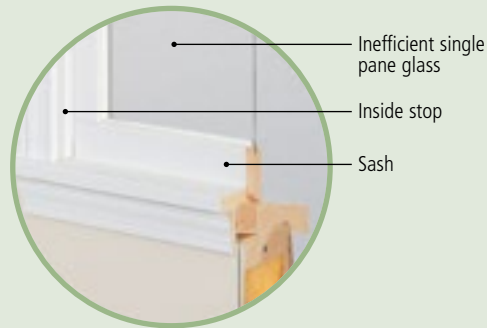

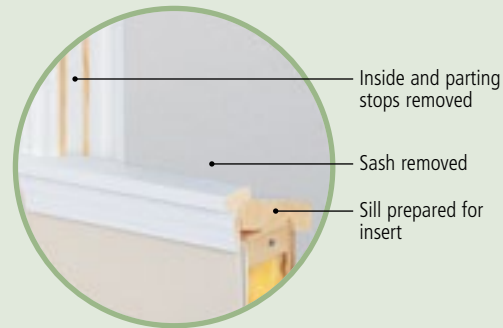

# PROFESSIONAL INSTALLATION

## Insert Installation

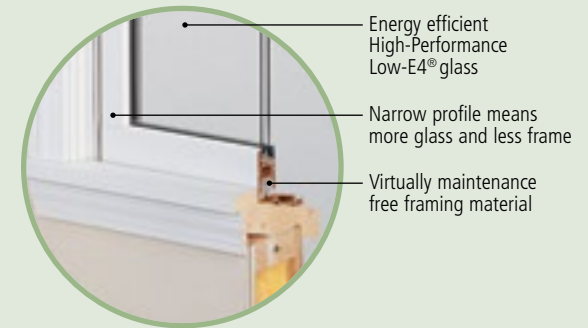

If the trim, casing, and frame are all in good shape, why replace them? Our insert replacement method takes advantage of window openings that are already structurally sound.

Structural Assessment

Professional Installation

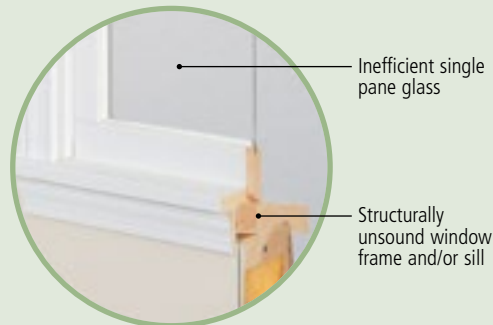

Functional, Beautiful Windows

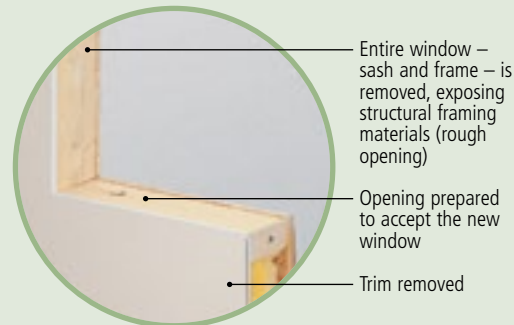

Interior views

## Full Frame Installation

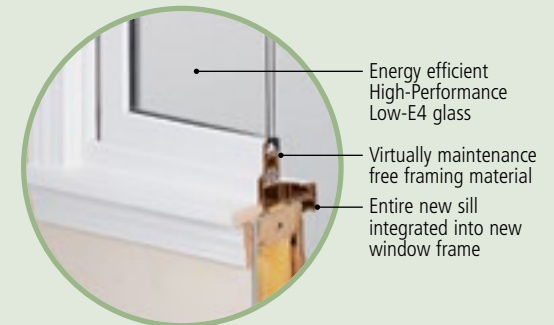

In older or weather-damaged homes, our full frame replacement method results in superior energy efficiency and greater glass viewing area.

## Expert Installation Guaranteed

A functional window isn't just a pane of glass. Neglecting the condition of the frame, sash, casing, and trim can lead to expensive energy bills and uncomfortable summers and winters. At Renewal by Andersen, we understand that proper installation is a precise sequence of many crucial steps. The above diagrams illustrate the two most common forms of window

installation, but every home is unique and may require additional care. Whether your home overlooks the Alaskan tundra or the Sonoran Desert, our expert craftsmen will do the job right. In fact, Renewal by Andersen is one of the few companies to warrant the installation process as well as the window,<sup>†</sup> granting customers the confidence and security they deserve.

<sup>†</sup> Visit [renewalbyandersen.com](http://renewalbyandersen.com) for a copy of the limited warranty.

# CUSTOMER SATISFACTION

## You and Your Home Matter to Us

Since 1995, Renewal by Andersen has installed over two million windows and doors. This could not have happened without a loyal, enthusiastic customer base. After each installation, we ask our customers to complete a satisfaction

survey. To date, more than 92% of customers report that they are highly satisfied and likely to recommend Renewal by Andersen to others. We are always enhancing our products and services based on our customers' needs. If you're

Renewal by Andersen's limited warranty is one of the strongest you'll find on any window or door at any price. Covering the whole window – glass, frame, hardware, and installation – as well as non-prorated and fully transferable, it's just one more way we provide our customers with peace of mind.

not satisfied with your new windows, we're happy to work with you to resolve any issues. We love what we do and we're proud to offer one of the most enjoyable, hassle-free experience in the industry.
